Separate/New PHC at P/H Dazipera 3. Installation of Dust-Bins 4. Upgradation of Internal Roads and drainage system of the P/H 5. Installation of New Transformers
III	Overall assessment of visit and suggestions: (The visiting officer to ensure that the overall assessment is recorded in detail along with concrete suggestions.) The visit was a unique experience as commendable work on ground was seen. The people participation was also enthusiastic in trying to push forward their demands. Suggestion: "Gram Kul" is a precious natural asset and it must be restored/beautified at all costs. There is a scope of park near Pandharpur Chow and it can prove to be a source of recreation and sports. The agricultural fields approx. 2200 kunds need meterable roads and access as farmers are facing huge problem of transportation.
