Message

I am delighted to learn that the 3rd version of the much-awaited Back to Village (B2V) programme, a landmark and ambitious exercise of taking government to the doorstep of people, is being organised from 15 to 20 October 2000 across Jammu & Kashmir.

In June 2000, the Lieutenant of Jammu and Kashmir embarked on the Back to Village programme, which involved the visit of over 1000 Cabinet officers of J&K to every Block/Village spending six days and a night there to see and as an opportunity to support and strengthen the local, constituted Panchayats. The programme was a huge success and visiting officers were welcomed and food by people to eager to share its troubles and pains. I think they had perceived as an unresponsive administration. In fact such was the enthusiasm generated by the programme that the Honourable Prime Minister made a mention of it during the 11th Feb, 2001's address of development, public participation and public action.

During the last part of the programme, the government organised the Back to Village on 15 October 2000. This time the focus was on ensuring that funds and Government schemes/programmes were reaching the doorstep of the people to benefit them. The Honourable Prime Minister made a mention of it during the 11th Feb, 2001's address of development, public participation and public action.

The Back to Village programme in Jammu & Kashmir is a programme of a people's attempt to improve their lives and improve the government's performance. The actual programme that the government is offering is: 1. Back to Village (B2V) which has focus on 3 core areas and 11 components: 1. Back to Village (B2V) - Public provision of services, 2. Back to Village (B2V) - Public provision of services, 3. Back to Village (B2V) - Public provision of services, 4. Back to Village (B2V) - Public provision of services, 5. Back to Village (B2V) - Public provision of services, 6. Back to Village (B2V) - Public provision of services, 7. Back to Village (B2V) - Public provision of services, 8. Back to Village (B2V) - Public provision of services, 9. Back to Village (B2V) - Public provision of services, 10. Back to Village (B2V) - Public provision of services, 11. Back to Village (B2V) - Public provision of services.

I am confident that this unique effort will earn the respect of the people of Jammu and Kashmir and that this will be a stepping stone for long and unique and sincere effort of the government to work for the welfare of the people.

Chief Secretary
Jammu & Kashmir

Message

Jammu and Kashmir continues to witness a transformation of Panchayats by institutions well since their constitution in 1988. Through the first of its kind initiative – Back to Village – and the Government's decision of delegating funds, functions and functionalities to PPs, grass roots democracy has flourished in the Union Territory. As a next step in this direction, the phase 2 of the Back to Village programme 2.0 being held from October 02 to 12 October 2020, which will give a deeper push to the institutionalisation of PPs.

While the 1st B2V focused on interaction and information on local needs, the second B2V focused on strengthening and implementing Panchayats, handholding the newly elected PPs and focusing on education and skill coverage of individual beneficiary oriented schemes.

Now, building on the foundation laid by B2V1 and B2V2, the B2V3 has been planned as an 'Action edition' with a focus on implementation and execution. This edition will aim to address grievances and suggest its remedial action on the ground thus making it more ambitious and action oriented.

Further, all 15 rounds are being taken up through a three week long public outreach meeting (an April 2020 initiative) to seek consensus and unreservedly guide all public grievances, which will ensure delivery and delivery of development on ground. B2V3 is also an occasion to ensure continued functioning and service delivery through an uninterrupted proactive Government 24x7 interface.

Keeping in mind Panchayats' operationalisation as well as people's access to various government services, the Government is ensuring government more proactively transparent and responsible.

I also urge the Deputy Commissioners to coordinate the visits of officers to various Panchayats through the public outreach and ensure adherence to COVID SOPs while ensuring strict adherence to safety.

I am confident that the people and officials alike will once again rise to the occasion and replicate the success of earlier B2V programmes.
