Subj: Issuance of HSD (fuel) for DG Set Operation at
Water Supply Scheme Ichgam Budgam.
Sir,

With due regard and respect we the residents of
of village Ichgam Budgam want to state your goodness
that power supply in the locality is not remaining con-
tinuously and frequent cuts is affecting the motor
operation on daily basis. As the auxiliary p-
ower unit (DG set) is available at the station
which may be made operational, so that we may
not face water shortage in future. As reported
by the operational staff, HSD is not issued
on daily basis & cannot operate the motor
on DG set daily. At least 40 footy liters of
HSD is required daily to overcome this pro-
blem. Only 16 liters of fuel is available
at station as tank balance which is not
enough for one day.

Keeping in view the above fact, and as
discussed in back to village programme with
visiting officer on 29-10-2022, the HSD
may be arranged on daily basis for the
water supply scheme for DG set operation.
So that we may not face more problem
in future. It will be your most business

DT: 29-10-20

Yours faithfully

Residents of Ichgam

Sub:- Charter of demands from Govt. Primary School Bagat Mohala Ichgam Budgam on the eve of Back to Village Programme (B2V4)

Esteemed Sir,

Apropos, it is to state that the Govt. Primary School Bagat Mohala Ichgam Budgam was established in the year 2003 under SSA Scheme to make easy access to primary education for children of downtrodden community Bagat locally known as bonds. This was an appreciable move of Govt. to pave ways for these children to become first generation learners in this community. We feel cheerful to share that some pass outs of this Institution have been able to get a Govt. Job and some are pursuing professional and university Education as well. The staff posted in this Institution work with a missionary zeal to uplift this community through the media of quality Education. However, some visible issues put an impediment in overall development of this Institution. As such it is prayed to kindly consider following demands on priority basis keeping in view the backward community background of this Institution.

- 1) **IDENTIFICATION OF LAND FOR PLAY GROUND:** Modern Education emphasis on co-curricular activities and it is envisaged in NEP 2020 that equal weight age shall be given to non scholastic areas of a student but non availability of play ground puts a question mark on overall effectiveness of our Institution. Our students feel suffocation within four walls of the school as they never had been to a play ground to participate in different types of games and sports activities and thus their talent remains untapped. As such it is requested to kindly take up the issue with concerned quarters so that kha charayi land is identified for exclusive use of the students of this Institution.
- 2) **REPAIR AND RENOVATION OF KITCHEN AND EXISTING TOILET:** The kitchen and toilet is in dilapidated condition and needs minor repairment and renovation by

Amendment 3

way of laying tiles and other repairment work. This kind action will make a kitchen more hygienic.

- 3) **SEPARATE TOILET FOR GIRL STUDENTS:** In order to maintain gender sensitiveness right from the beginning, it is within the norms of national standards that there should be a separate toilet facility for girl students so that they shall not feel any embarrassment but despite repeated correspondences to higher ups with regard to this sensitive issue nothing concrete step had been taken so far. As such it is requested to kindly provide a separate toilet for our girl students on priority basis.
- 4) **ICT FACILITY AND SMART CLASS ROOM:** As per NEP 2020 first two years of schooling to be named as Foundational stage will focus on teaching through play-based or activity-based methods and on the development of language skills. As such there is dire need of Smart Class Room facility for all students in general and students of Class 1 and 2 in particular to fetch their attraction towards school. ICT with smart class room facility may kindly be provided to the school so that the teaching learning be done through technology based support.
- 5) **SEATING DESKS FOR STUDENTS:** we have purchased matting for students out of meager local funds and the mats have a disadvantage of absorbing the dust which causes allergic diseases to most of the students. It would have been better if our classrooms be equipped with wooden student desks.
- 6) **ALUMINUM FRAME FOR WARANDA USED AS CLASSROOM:** One side of a corridor has been developed as an additional classroom. The same need to keep sound proof and safe from outer cold temperature by fixing aluminum frame around with thick sheets of glasses. Hope same too shall be provided to the school.
- 7) **MAKING PLINTH AREA OF SCHOOL CONCRETE:** The land on which school building is erected is marshy and the rain water may cause damage to the building. As such it is requested plinth area on three sides of building may kindly be concreted to safeguard the building.

Ipsa facto, it is earnestly prayed to kindly look into the above issues and extend helping hand in resolving these issues as a token of gift for these little hearts.

Yours faithfully

The Visiting Officer
Back To Village Programme, 2022

Sir,

It is to submit withb reverence that there is a drain passing near the wall of the institution whivh leaks into the school premises. The matter was discussed with the local body members and is now brought into your notice for immediate redressal. Though we approached to the District Panchayat Officer for redressal but still no action has been taken till date. Pertinent to mention that it has created havoc in one of the structures in the institution.

Further, there is a public interference for the said site and the inhabitants throw the garbage directly into and along the school compound thereby causing lot of inconvenience and increases the possibility of spreading various microbial diseases. It is also requested that the compound wall along that site may be raised by using the tin sheets.

Further, there is an old unsafe building posing threat to students. We have approached to the higher ups for dismantling the same unsafe building which is of no use and is also presenting a shabby look. The institution is already lacking a yard/compound. The land under it could mitigate the sufferings a bit. So your good self is requested to take necessary action.

Furthermore, one storey building existing in the institution can be raised to two storey by making two big examination halls as there is no examination hall existing in the institution. It is to mention that Govt. has released an amount of 8 crore rupees for Kahcharai Land belonging to villages Ichigam and Qazibagh. Some amount from the same can be utilised for constructing the 2nd storey of the already existing one storey building.

Respected Madam,

Our village has a rich heritage and it occupies a distinguished place with muslim and Hindu communities living together since ages, our village is witnessing a surge in the arrival of outside state shia tourists mostly in the months of Moharram and Safar, however the main Imam Bada of the village i.e., Imam Bada Hajipora Ichigam Budgam has not been developed to the level equal to its significance and recognition in the country.

As such, your dignified self is requested to take up the development of Imam Bada under any scheme of the Tourism department. The step will boost the tourist arrival in the village and present our village as a front runner in the development of village Tourism in the state.
