Sub - Inquiry in my water connection

I am residing in the village and have water connection from Early 80's. I was residing there upto 2010. After 2010 I have shifted to my daughter's residence but I am paying water tax to the Dept. from last 10 years. They water dept have disconnected my connection. Why? Kindly check the enquiry in the house. I am not getting supply. I visit my home in every month but go have to buy water for the house. I have brought this in the name P.H.D. Dept. Visiting and should then pay a daily water tax but no action has been till date.

S.H.G Problems

→ our members want ~~to~~ to get large sums of loans from mission uncond. bcoz if we borrow funds or loans from bank they are charging higher rates of interest. If we pay higher interest towards bank we are unable to maintain our livelihoods. we want to get our loans from mission and want to be sustainable v.o.

* Suggestions-

we are suggesting our members & other peoples to start their livelihood or business so that they can improve their financial position.

Sir,

With reverence, regard and humble submission, and in the context of the subject and references cited above, we would hand folded submit the following lines for your kind attention:

1. That the Executing Agency BDO through Block Development Officer Shahabad Block has authorized us to Execute the work namely Development of Ground by way of Earth filling and Chain link Fencing Phase I & II at Government Middle School Chakpath (GMS) vide authorization No. BDO5/PYKKA/2010-11/2533-35 Dated: 30/03/2011 & BDO5/PYKKA/2010-11/2536-38 Dt. 09/03/2011 in the Financial year of 2010-11.
2. That the work executed and Stands completed as per the parameters of the detailed estimates under the supervision of the field and technical officials of the concerned agency within the stipulated time as reckoned in the work order.
3. That the CC list bills of two phases under M. Book No. 6 & 7 respectively amounting to Rs. 158000 have been framed and submitted for payment to the concerned quarter (BDO Shahabad) but unfortunately the bills are churning dust in the office since last one decade and no payment has been released till date.
4. That we were not professional contractors, in fact we were poor and unemployment youths belongs to BPL category and had managed the amount for the construction and completion of the Govt. Asset by selling the property and house hold goods in addition of loan taken from Bank.
5. That the works have been completed and taken over by the Education Department but our legitimate payment has been halted for last ten years with the result we got such a job by which we lost our parents.
6. That we have knocked the door from time to time of all officers, they advised us to approach the concerned Block Development officer at the ground level.
7. That our existing physical and financial condition day by day goes from bad to worse with the result we have not any other way to overcome the burden of loan taken from Bank except to commit suicide.

Keeping the above facts in view, it is therefore, requested your good self to look in to the matter and put our demand on priority with the higher authorities so that the payment on a/c of work done liability would be released in our favour, that will be your most kindness.

Sub:- Requisition for development of street (path)
the boundary wall of school and foot path
from Amantong-Venning road to school gate.

Respected Sir

With honour and earnest respect I, the undersigned, am to state as under:-

- That the condition of the footpath along the boundary wall of the school, which is the only path for students coming to school, is bad.
- The drainage system along the foot path is very shallow due to the water and sewage now and then flows over the foot path. The students reading in the school can not come to attend their studies when it rains.
- That the foot path leading to school from main road is rough still.

It is hence requested to develop both the foot paths and the drain for overall development of the school.

Obediently Yours
