III	Overall assessment of the visit and suggestions: The major chunk of the population, which have had horizontal and vertical migration lack proper drinking water facility, electric connectivity. Moreover the villages are not connected to the main traffic routes because of the unavailability of the transport. The electric poles are not installed in every nook and corner and the electric lines still run through bushy trees, posing threat to the human life. The Panchayat doesn't have a bank branch and the locals have to travel miles to reach other branch units, which deny them any financial support. A new water supply schemes (annexed in GPDP), maintenance and extension of the old water supply scheme are a priority to reach out to the common masses.
