7. The various schemes of Health and Family Welfare are availed by the people very keenly and successfully.

Suggestions:-

1. Almost one- third households are devoid of drinking water pipelines. The water supply needs an augmentation so that the drinking water be provided to each and every household.
2. The Electric LT lines are running with temporary supports at various places of the Gram Panchayat. There is an urgent need of poles and wire to ensure hassle free and safe electric supply to the households.
3. There has been a unanimous demand in the meetings conducted with various categories of people especially in Mahilla Sabha regarding the establishment of a tailoring and Knitting Centre in the Gram Panchayat.
