The programme B2V4 ~~was~~ remained very effective & excessive
fruitful. Some works recommended during the previous B2V
programmes were done but still a lot to be done, especially.
Construction of link roads, sensitization of horticulture,
filtration of drinking water, sheep and veterinary facility.
Some drains and checkwalls needs utmost attention.
The need^{to} be brought under self employment schemes
who complained that various departments only
advertising schemes on B2V programmes when actually
approached they are not even fulfilling the demand and
words expressing in these particular programmes.

The religious tourism and heritage tourism has
tremendous scope in the area if attention be given to
this area in this regard. Horticulture has also a
good scope in this village ~~and area~~ but needs to be
upgraded and developed on scientific basis.

Pashupallan has also a good ~~scope~~ scope.

The village needs the construction of some
Borewells for drinking ^{water} facility during winter
and scarcity. To promote the horticulture a
big cold storage facility should be provided to the
area.

Department of Rural Development and Panchayati Raj
Government of Jammu & Kashmir
