THREE MAJOR OBSERVATIONS/ASSESSMENTS

1. While interacting with the people of the Panchayat, the govt's measure to curb the menace of Corruption has been greatly appreciated. Due to the launching of e-govt online services, transparency and accountability has become the talk of the villagers.
2. So far the delivery of public utility services is concerned, there are still several loopholes in different departments like education (infrastructure), Health facilities, electrification power & awareness regarding formal Centrally Sponsored Schemes, through agri, Horticulture, Revenue, RDS & JN Nishadi.
3. The digitization of land records is yet another great step which has been widely appreciated by the people of the panchayat. Only concerned ground functionaries must be strongly advised to adhere to the directions issued from time to time.
