Two teachers of this village ^{both} ~~are~~ from Lapana ~~and~~ ^{from} are actually posted in P/S Lapana but they are working in other zones, due to which the students suffer mostly, and therefore the problem suffers the most; the case must be addressed on the urgent basis.

① upgradation of M/S Chauda to H/S, the students of this village are getting their secondary education at Baskote or ORE, since the village is located at zero point (LOC). They are travelling almost 15 Km that too through the security zone, hence this demand should be taken on urgent basis.

② the village is located at the zero line of the "LOC". The people are very friendly with the govt especially with our security forces. But the people are very poor, they don't have other source of income men being recruited as foots in the army. I personally feel the soldiers through the govt officers should be given to the locals, they need to be trained in different skills at their own place. Only 2% of the students get their education in secondary & college level. The education department need to take necessary actions to improve and motivate the students for higher education. ~~also~~
