Overall assessment of the visit and suggestions

The road connecting the village with district headquarter is in good condition. Tehsil headquarter connectivity is also good

Majority of the population belong to ST category whose livelihood depends on live stock so improvement in the services of Animal and sheep husbandry is Required

Since the village is located near pir panjal mountains it has scenic beauty which makes it ideal for Tourism related activities.

Literacy rate (Absentee from school is high) of the village is comparatively low because of poverty which needs to be addressed, identification of land for middle school and construction of new building for it needs to be done immediately, which otherwise has a poor infrastructure.

There is no play ground in the village

(The visiting officer to ensure that the overall assessment is recorded in details along with concrete suggestions)
