PRI Initiatives like

PRI advised to give reminder to the JDA authority for early redressal of the requests and mean while take the matter with revenue authorities as well to get the land identified & notified for the purpose.

Suggestions to achieve / fulfil the objectives pointed out in over all assessment of the visit :-

Rural manufacturing model along with Agri-production model should be encouraged and vocational trainings like handicraft, toy making, weaving & sewing etc should be provided for women empowerment & employment generation in addition to measures already initiated.

Activities like apiculture, sericulture, poultry & dairy etc should be encouraged with promotion and branding under "Made in India" campaign through self help groups & farmer cooperative societies.

Coordination between PHU functionaries and various department is the need of the hour for effective & efficient disposal of grievances and to minimise communication gap.

Awareness campaigns, information counters of various dept. like animal husbandry, horticulture, floriculture, main line depts should be there to minimise the distress among the public and for coordinated efforts for building our nation.

Major / Urgent public demands that was/were reflected earlier but have not been addressed so far :->

None of the major / urgent public demands that have been reflected earlier got resolved fully upto the mark though efforts by the concerned depts are there to resolve the issues where by PHE & PDD have kept provisions in their annual workplans. More over PWD (R & B) is coordinating with court authorities & revenue dept for early solution to the grievances which has delayed alot in past

Demands are the same as in earlier B2V programs & have been penned down in detail in major complaints section brought to the notice of the visiting officer.

## Overall assessment of the visit & suggestions

PRI is working efficiently and worthy Sarpanch Saab & panches cares for the benefits of the people of the area. Down trodden people are given more attention. Many schemes have been launched for the benefit of women. There is lagging in the development process due to procedural delay and protocol which various department has to follow.

Overall panchayat is working efficiently and achieving its purpose. Development issues viz upgradation of PNE & PDD network. Repair/ widening of roads & construction of drainage & improvement in health sector & sanction of one sub center at Panchayat is urgently required.
