1. One of the major issue which halqa Aarth face is non-availability of drinking water. One over head tank has been approved but even after approval of seven months work has not been started yet. Reason is because the company which was given the contract has been given allotment of almost 41 places. This issue needs to be solved on priority basis.

II Second important issue is that the halqa Aarth has been provided a health and wellness centre. ~~was~~ A building has been constructed for this purpose from last two years but not completed yet. The concerned community health officer stated that due to the non-availability of proper accommodation they are not able to serve the people in a best possible way.

14 overall assessment of the back to village programme.

Undesigned ~~obscure~~ this area has been left to Govt's mercy as basic facility of water is not available. where we are in an age where we want to conquer mal-s but there are areas like Aath which lack basic facilities like water and electricity and medical facilities. Although RDO has done very good job by providing link roads, PMAY houses, SBM, soakage compost pits and construction of lanes & drains. for success of any programme the presence of important officials is important which was missing during this visit. RDO and PDD and Jal Shakti departments may kindly be made more responsible and responsible which they presently are not.
