## Overall assessment

- This panchayat is a mountainous region. Life is quite Hard but people are cooperative & supportive.
- Poor road connectivity, especially in inner area is hampering development of the panch.
- Drinking water supply is very poor. It is noticed/learned that there is no water for last 3 months. Few wards are even without water supply pipes.
- Water Bodies (Ponds) have been dried up because of no proper channeling of waste water from households. There is need of proper drainage system / water harvesting scheme.
- There is no play field & children's park where the young ones can spend their free time so that they couldn't fall in Bad habits.
- This panchayat has border with Reasi District. It is a Beautiful place with natural scenic Beauty. Some touristic destinations can be explored there. It will boost up employment & economic level of area. This panchayat also have atleast two centuries old religious Structures. Religious tourism can be explored.
- There is need to have some self-employment scheme for women.
