1. The village Sitti is situated about 15km away from B.H. Bani with face where Road Connectivity Road need to be black top. There is problems of Ration supply in the village, problems of Electricity supply poles and wires with wood poles and also need to up lift the local farmers the major problems need to be addressed on priority basis.

Moreover, during the visit to the M.S. Sitti it was noticed that the High power electric cables over the path leading to the school are passing at very low level there by endangering the lives of the students and the staff members and Secondly, the power transformer has also been installed at the side of the path which is again a high risk to the passers by. So, for the safety of all, the concerned department may kindly be requested to look into the matter and take necessary action for the redressal of the problem. Further it is submitted that the H.S. Sitti is facing a acute shortage of the accommodation and thus stands in the need of additional class rooms for proper class teaching. As there is no school land vacant available for the construction of the class rooms, the first storey on the existing school building may kindly be sanctioned for the smooth functioning of the school.

NASHA MUKT ABHIYAN

A group of approximately nine men are standing on a rocky, grassy hillside. They are dressed in casual to semi-formal attire, including jackets, shirts, and trousers. One man in the center wears a traditional pink headband. The background shows a steep, vegetated slope. The overall scene suggests a community or official activity related to land management or agriculture.
