III. Overall assessment of the visit and suggestions:

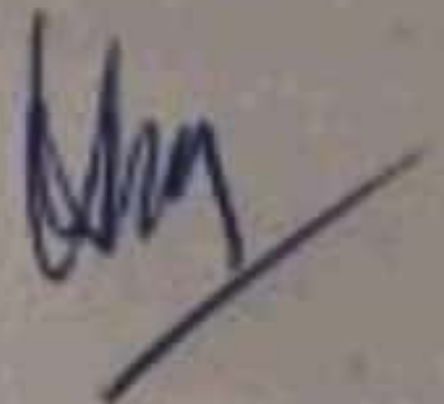

The visiting officer to ensure that the overall assessment is recorded in details along with concrete suggestions)

People of the area are very cooperative. Life in the village is very miserable as people of the area lack basic amenities. Roads are in dilapidated conditions which needs urgent repairs and Macadamisation. The village needs to be connected to Tehsil headquarter through a road for which 50% of work stands completed. Quality of drinking water needs to be improved by directing the concerned exin of the MID, Sumbal to install compressors at the well sites which is giving bad quality of water. This technical issue was suggested by concerned officials of PHE Department. High school needs to be upgraded to Hr Secondary School as students of the area have to travel about 05 Kms to reach to the Hr secondary School. Full fledged NHTPC be established with staff and adequate facilities and same is currently running in one rented room with one doctor and two helpers
