- 2. the affected concerned are covered in their approach. Moreover demand
- 3. is not being funded by Horticulture Dept about the scheme
- 4. in scope of the welfare cultural practices.

Item No. 18

- 1. The demands that were presented during B-1 and B-2
- 2. have not been fulfilled as yet & no action has
- 3. been taken.

Overall account of the visit & suggestions:

Visit to village is a great initiative. Taken up the spot with me to inspect Panchayats & find up the develop-
mental works/projects in rural areas. Since previous demands
were not fulfilled or delayed, both of interest were discussed
during the Panchayat as well as in general public. Although
major demands are also collected in B₁, B₂ & B₃ but
still I would like to highlight some problems once again.

- 1) Transportation of mining material from Bagga Harkhadi. Since
the road via parallel road of Akhampur, Asampur, Pringal,
Pringal → Chikla. Not only these trucks are creating traffic
jams in large market but there is a major problem of
Air pollution (Dust) due to which people in market often
suffer from allergic diseases.
- 2) There are two primary schools in Panchayat. School - B.
Both schools are in rented buildings and condition of both the
buildings is below par. Particularly building of upper level
which is unsafe for students as well as teachers. Building is
like a caved roof whose roof is open.
- 3) Electrification of the school ^{camp} needs to be done on priority.
- 4) Supply of Electric poles from the same premises.
- 5) Opening of Health & welfare centre needs to done.
- 6) There is no safe drinking water facility available. Drinking
water tests need to start be done on regular basis.
- 7) Roads within the gram Panchayat should be constructed
as there is no road within the Panchayat.
