2. **LEAST RESPONSIVE DEPARTMENT:** A General Perception gathered Rated RDD and Jal Shakti as Departments which need to improve their presence in the Panchayat Halqa.

## GENERAL ASSESSMENT OF THE VISITING OFFICER

I	Any major complaint brought to the notice of the Visiting Officer: <u>Water Supply and irrigation has been flagged as a major Complaint and has remained unresolved since time. Exploration of Deep Bore Well Ground water needs to be Considered.</u>
II	Major/ urgent public demands that was/ were reflected earlier but have not been addressed so far: <u>Water Supply and irrigation has been reflected as a major demand that has been reflected earlier but not addressed so far.</u>
III	Overall assessment of the visit and suggestions: The Panchayat Halqa is primarily dispersed across a hilly terrain, and there is a lack of an appropriate water scheme for irrigation and drinking. Water supply is a major impediment to long-term development. The public is generally pleased with the government's outreach, but the lack of Panchayat-level data on achievements with line departments does not reflect the achievements and gaps that must be filled. Maintaining data at the Panchayat level must be prioritized for effective outreach and planning. The panchayat is alive and well, and women are eager to get involved in development projects. The Education Sector must be monitored in order to instill belonging and make teacher community relations participatory. Child marriage and child labour justified by poverty when MGNREGA guarantees a minimum number of work days to each eligible adult is a concern that must be addressed by the Gram Panchayat. Panches must be familiar with the status of their wards in order to arrive at a workable status at the Panchayat level. Youth who are energetic must be reached through self-employment programmes. Major Scenic Spots with Connected Tracking Routes from Mohan marg and Lal marg must be explored by the concerned Departments in order to boost tourism potential and the resulting Home stay options. The Jal Shakti Department should seriously examine the possibility of deep bore wells for irrigation purposes, which would benefit the agricultural sector.
IV	Overall Rating of govt functioning as given by the Panchayat (Scale of 0 to 10) ( <u>Overall satisfactory as no major Negative Feed Back was Observed</u> ) (Rating 8)
