B2 V4 Hajmar

Overall assessment of the visit & suggestions.

I found that unfortunately some people have lost the interest ^{in this initiative} because they complain that although this looks very beautiful on the paper but very little is done in actuality. But still I sensed that if efforts are put in, then people can once again start taking active part in such programs. It is also pertinent to mention here that there should be a government ^{building} for every Panchayat to work properly. I also found that people should be informed beforehand to make it effective and people centered. Sarpanch of Hajmar was very supportive and he takes a very special interest in the issues of people. There are so many demands of people and some of them are serious & important. Hajmar in a way is gateway to Karnah, therefore its development is seriously important. The most beautiful of nature to the Karnah is its water. Therefore all efforts should be made to preserve & protect it.
