RACK TO VILLAGE PHASE-IV | 25

1) The panchayat nature is Semi-urban, road, electricity, water supply is good needs upgradation in some wards. Some habitation i.e. Keri, Galad, Kolla needs new connectivity of road. A lot of institutions such as SMVSDU, Narayana hospital Kakryal are located in the panchayat which requires special attention especially transport system, road. The medical sub-centre building is required in the panchayat on priority. (Major serious problem). As this area has potential for employment generation due to various institutions in this panchayat and nearby market, district adm. should focus on this. More awareness required among people related to individual benefit oriented schemes. Some issues are related to Shrine Board such as ownership right of plot not given by Shrine Board to the residents in the colony needs to be resolved.
