→ During two days B2V₁ programme, I saw average change from previous B2V programme and observed that educated and emigrants were not attending this programme. Members of PH are of the opinions that they are still struggling and hoping to get their basic needs i.e. good education in govt school, good employment, good roads and lane and drain. They are happy with administration and field functionaries but faces shortage of staff in every institution.

On my view due care should be given to their lane & drain, education, employment generation.
