Panchyat Halqa Siria,

Respected Sir,

With due respect and humbly submission & we draw your kind attention towards following few lines for your sympathetic consideration and favourable action please.

1. **Requirement of Playground in Ward No. 7:-** There is the requirement of the play ground in **Ward No. 7** near zero point (Railway road). The construction work of the playground was started around 3 years ago but not completed till now. We request you for completing the pending work of this ground and also request you to construct one Room for keeping sports equipments, Tanki, Bathroom and Stairs all around the ground for sitting.

As you know how much games are important for the human health and how games develop the physical and mental strength of the childrens. And in our locality there is no playground where childrens can play. As there is no ground the students those who are preparing for any **armed forces** usually run on the main road which is very risky due to high traffic on the road these days.

So its a request to look after this matter and complete this pending construction of the playground in **Ward No. 7** as it will benefit everyone from younger to elders of the locality.
