The village panner has a ~~best~~ population of around 1500 people. The work on the ground in various departments is seemingly satisfactory especially, KAD, HEALTH, PMAS, ICDS. However the village has more potential for development & as such more awareness camps need to be conducted to mitigate any further hindrances & induce smooth functioning with respect to basic facilities/amenities that are still lacking in the village that has been recorded in the various sectors. Also, it is important to note that the village panner has been deemed as a eco-tourist zone & the potential for tourism is very high in the area. Tourist department needs to take special interest in boosting different activities to generate employment as well as the inflow of local as well as tourists coming from other places moreover the officials attending such programme should be well aware of the locality so that the solution for problems in the village will be solved without ~~hassle~~ ^{much} ~~the~~.
