<b>D</b>	<b>Distribution of certificates</b>	
	Self Employment Schemes	nil
	Land Pass books	nil
	Any other	Certificates of appreciation distributed among progressive breeders organized by sheep husbandry
<b>E</b>	Awareness generation on digital services, transparency, Corruption Free, NashaMukt Bharat, Viksit Bharat(Mobile Van) and Flagship Schemes given in the instruction manual	Yes,besides an exercise was untaken in which the audios in vernacular were made regarding major flagship schemes and circulated in the panchayat population for general awareness. Besides people were made aware of e samvaad app,jhanbhagidari etc and other accountability/social audit portals/platforms.

# QUESTIONNAIRE FOR B2V5

## Schedule-VI

### (SDG THEME ADOPTED BY THE PANCHAYAT)

S. No	Particulars	Status
1	SDG Theme adopted by the Panchayat	Village with good governance.
2	Activities undertaken under the Theme (as per instruction manual)	Gram panchayat has a building which is not functional. Efforts have been made in shifting the CSC in the panchayat bhawan. The bottle neck being no electricity is available in the panchayat ghar and the solar system reportedly placed two years back in the panchayat ghar is yet to be installed. Efforts were taken to atleast to install the solar system during the visit however intervention of district administration is required to make the panchayat ghar functional. No water connection neither washroom is available in the panchayat ghar.
3	Status of activities undertaken	Very slow
4	Visible impact of the Activities	nil
5	Have Gram Panchayat Development Plan (GPDP) prepared and uploaded	NO. Even the GPDP for the current year has not been uploaded on the website jkpanchayat.gov.in.
6	How many activities of SDG have been covered under GPDP	GPDP FOR THE YEAR 2024-2025 not framed.
7	Bottlenecks, if any, faced in the achievement of SDG Theme	Digital illiteracy. Besides the panchayat ghar at present is dysfunctional
8	Remarks of the Visiting Officer on the status SDG Theme	Needs intervention of District Administration for atleast getting the solar sytem installed in the first instance so that the panchayat ghar becomes functional.

# QUESTIONNAIRE FOR B2V5

## Schedule-VII

### (IMPACT OF B2V1 TO B2V4 PHASES)

S. No	Particulars	Status
<b>A</b>	<b>Demands/ Grievances addressed by the Administration</b>	
	<b>1</b>	The old water supply pipes are in the process of replacement.
	<b>2</b>	Supply of medicine to the wellness centre has become adequate.
	<b>3</b>	2 teachers posted on deputation basis in HS Parthan.
	<b>4</b>	Boundary wall of MS Danas is completed.
	<b>5</b>	Few retaining walls have been constructed.
<b>B</b>	<b>Impact of B2V1 to B2V4</b>	
	<b>1</b>	Education: The enrolment in primary school ,middle school, high school has increased from 31,167,114 respectively to 36,190,186 respectively. Enrollment of children in schools for age group 4-14 at present is 100% showing progressive increase from b2v1 to b2v5(data as per report) . Teacher student ratio has become proportionate with 1:18,1:13 1:28 against ratio of 1:5,1:9,1:10 for primary, middle and high school respectively at the time of b1v21.
	<b>2</b>	Health: The situation from dismal conditions of sub health- centres where not even medicines were available ,no laboratory facility for even conduct of small diagnostic tests was available at the time of b2v1 phase has nominally improved with Besides the enrolment under ayushman bharat scheme which was zero at the time of b2v1 has shown a progressive growth from b2v3 phase as per the data for B2V4 the enrolment is 1648
	<b>3</b>	Economy: The major source of the live hood was farming with very less livestock population of 1310 in the area which has substantially increased to 3400 upto b2v4 which is indicative of development of other sources of livelihood .Besides no household had undertaken insurance of cattle /sheep or agricultural produce at the time of b2v1. The area under Orchards has also marginally increased over a period of time. At present the coverage area is 38 hectors.
	<b>4</b>	Social/ welfare reforms: None of the families had received financial assistance under pradhan mantri awas yojna at the time of b2v1, that has increased progressively and at present 16 beneficiaries have received assistance under the scheme. Similarly none of the families had received assistance through old age pension scheme, widow pension ,disability pension which also has progressively increased and at present 165 beneficiaries are receiving assistance under various welfare scheme. The bar diagram of few schemes is enclosed with the report which clearly shows a positive progression from zero since back to village 1 in almost all schemes.
	<b>5</b>	Infrastructure: Few works have been undertaken from the demands which had been raised during previous back to village programmes.The details have been enclosed with the report.
<b>C</b>	<b>Challenges in the Panchayat</b>	
	<b>1</b>	Digital literacy is poor that might be a road block in ensuring timely feed back /suggestions and regular social audit by the people themselves, for improving expenditure outcomes through digital platforms like janbhagidari. Meanwhile no data with regards to the villages of paharthan is available on janbhagidari platform till date. Not being digitally literate is a major cause even for social unawareness about the flagship developmental schemes introduced and defeats the purpose of the schemes.

	2	Officials from the line departments were seemingly not fully aware of all the flagship schemes and the purpose linked to their department that lowers the pace of economic/social etc reform intended by the scheme. Dissemination of the knowledge and periodic review of the knowledge of officials about the developmental schemes assumes a lot of significance. Meanwhile no data(statistics or details of to contact persons) was available about paharthan on gramsamvaad aap.
	3	The names of the flagship schemes are basically an indicative of the purpose of the scheme, since the schemes do not have an equivalent in the local/vernacular language, people find it a little difficult to associate and fully develop a link / understanding of what they shall find in the scheme.
	4	All the prabhari officers for the panchayat paharthan for all back to village programmes have been different, that might have seemingly reduced the efficacy in development planning.
	5	There is a communication gap between the sarpanch/panchas and the general population of the village seemingly sabhas are not being conducted very frequently.
	6	Panchayat ghar is dysfunctional.
D	Suggestions if any	
	1	Digital literacy programme for sarpanch and panchs should be undertaken in first instance but HANDS ON SESSION ,with special focus on the development schemes and empowering portals, who in turn can make rest of the potential population aware. The responsibility of training the sarpanch/panchs should preferably be given to a selected government employee who is the resident of the area that shall make learning easier in view of the fact that the possibility of inhibitions in learning viz communications issues, etc will greatly be reduced through the local touch.
	2	Directorates of the departments should be made responsible for training the field staff and disseminating the knowledge about the schemes ,with periodic review of the knowledge of officials about the scheme through exams(preferably through objective type test) the result of which should assume significance at the time of promotion .
	3	The flagship schemes should have the equivalent names in local language /vernaculars that shall enhance the association with the scheme and increase the dissemination even in illiterate folks.
	4	Besides one localised SDG theme prioritized for the village,SDG theme -Village with good governance should be made mandatory for all villages Since it aims promote awareness about all the developmental schemes and automatically empowers the village which shall help in achievement of the goals of rest of the SDG thematic villages subsequently.
	5	The information about the schemes on Gram samvaad aap (audio) should be updated in local/vernacular language that shall disseminate the awareness more easily .
	6	A egroupp(may be watsaap) should formed with representation from all the households of the village, with panchayat secretary as the admin and representatives of all the line departments as members, in which audios regarding all the schemes explaining purpose and method for application by the representatives of the line department should be shared regularly, that will help in dissemination of awareness amongst public.

# QUESTIONNAIRE FOR B2V5

## Schedule-VIII

### i. OVERALL PERCEPTION OF FUNCTIONING OF GOVERNMENT DEPARTMENTS

<b>1</b>	<b>BEST PERFORMING DEPARTMENTS</b>	
	<b>1</b>	School education.
	<b>2</b>	AYUSH
	<b>3</b>	Social welfare./Jalshakti/Rural Development
<b>2</b>	<b>LEAST RESPONSIVE DEPARTMENTS</b>	
	<b>1</b>	Roads & buildings.
	<b>2</b>	PDD
	<b>3</b>	Irrigation

### ii. FEEDBACK ON UT INITIATIVES

- Multiple e-initiatives introduced has reduced the human intervention and reduced the role of discretion and whim in government working. This further has ensured efficiency in work and made monitoring easier. All the systems have become transparent and data is available in public domain, at a click of button which in turn has promoted accountability and reduces corruption. Pertinently when I was assigned the task of prabhari officer most of the data was available on e-platfroms, infact I had a visit before a visit but a bottleneck that despite various platforms introduced full utilization of all the platforms is still not complete. E.g data updation on janbhagidari portal of the panchayat was missing, b2v3 and b2v4 reports of paharthan were not available on the panchayat.jk.gov.in,no data updation on gram samvaad app for Parharthan,neither GPDP for paharthan for the year 2023-2024,was available online, nevertheless some of the panchayats have updated the data. .
- Besides social audit and planning through back to village programme is unique intervention introduced in the UT that has promoted accountability and a sense of security in the people at grass root level.A brief assessment of the panchayat paharthan indicates development in economy, health, infrasucture, education,livestock population etc. Data analysis indicate that beneficiaries under various schemes at the time of back to village 1 were almost zero which has increased progressively over the years and assessed by various prabhari officers of the village.

### III. GENERAL ASSESSMENT OF THE VISTING OFFICER

S. No	Particulars	Status
1	Any major complaint brought to the notice of the Visiting Officer	Very poor conditions of electric polls besides polls more than 3 years old are standing without any wiring which also defeats the purpose of erecting the polls. Field visit was also undertaken and it was found that the condition actually is dismal and trees and logs are used as polls at various places. Besides wires are also laid over houses and sheds of people which might be a threat to the lives.
2	Major/ urgent public demands that was/ were reflected earlier but have not been addressed so far:	Very few demands from back to village 1 to back to b2v4 have been addressed so far.(status enclosed after the report). 1. Replacement of old electric poles and wiring needs to be addressed on priority basis. It could be a hazard and threat to lives of people.
3	Overall assessment of the visit and suggestions: (The visiting officer to ensure that the overall assessment is recorded in details along with concrete suggestions)	Please Refer schedule VII and the bar diagram.
4	Overall Rating of Govt functioning as given by the Panchayat (Scale of 0 to 10)	5
