As per my personal view is concerned there should be emphasis on the latter aspect only, when there is proper education of people, a single department can't do any thing when there is not proper support of people. So proper attention be given to education sector to the theme of SDG may be implementation good level.

As many personal views is recorded the people are not taking the work facilities seriously. Second thing is that there should be proper attention towards construction work by the concerned departments.

It is also observed that the work should be repeated in next time. It is only possible when the work is properly checked by the concerned dept from start to the end of work.

It has been also observed that most of construction works especially from block are taking place during the month of November, which are not a good season for construction work, as the temperature is staying very low during these months.
