Ques	Ans	Ques	Ans
1. What is the difference between a <u>beginner</u> and an <u>expert</u> ?	Beginner is a person who is new to a task or activity, while an expert is a person who has a high level of skill and knowledge in a particular field.	2. What are the <u>characteristics</u> of a <u>beginner</u> ?	Beginners are characterized by their lack of experience, limited knowledge, and a focus on basic skills and tasks.
3. What are the <u>characteristics</u> of an <u>expert</u> ?	Experts are characterized by their extensive experience, deep knowledge, and a focus on complex tasks and problem-solving.	4. How can a beginner become an expert?	A beginner can become an expert through a combination of practice, learning, and experience. This involves seeking out mentors, taking courses, and consistently working on the task or activity.
